EXPERIENCE

Parekh Global - Seabridge Marine Agencies Private Limited
Junior IT Executive

Mar '25 — Present
Chennai , India

- Provided IT support to end users, troubleshooting hardware, software, network, and VPN-related issues while ensuring timely issue resolution and minimal business disruption.
- Managed user onboarding and offboarding, including user account setup, hardware allocation, and access permissions.
- Resolved email and productivity issues for Outlook, Gmail, and Microsoft Office applications, reducing user downtime through timely escalation and root cause analysis.
- Maintained office network infrastructure including firewall status monitoring, LAN/WAN connectivity, network switches, and Wi-Fi access points to ensure 99%+ uptime.
- Managed PBX/PRI phone systems, office printers, and IT asset lifecycle, coordinating with vendors for repairs and maintenance to minimize operational disruptions.

Satvat Infosol Private Limited
Technical Support Trainee

Apr '22 — Feb '25
Chennai, India

- Configured and maintained CBT exam servers using Windows Server, SQL, and IIS, supporting client systems across two concurrent batches with zero downtime during live exam operations.

- Provided server support, desktop/laptop troubleshooting, and network troubleshooting during live CBT exams to ensure smooth operations with minimal downtime.
- Supported VPN connectivity, IP configuration, client systems, USB boot devices, and biometric devices during exam sessions.
- Hosted and monitored the exam application on IIS, ensuring all client systems could access the application without issues.
- Performed data backup and maintained exam records after each exam.

PROJECTS

Windows Server 2016 Deployment and Network Management.

Apr '25
Chennai

- Installed and configured Windows Server 2016 to build a domain environment.
- Set up Active Directory (AD DS) for centralized user management.
- Configured DNS, DHCP, and Group Policies (GPO).
- Managed users and access control within the domain.
