EXPERIENCE

Satvat Infosol Private Limited

Apr '22 — Feb '25

Technical Support Trainee - Networking

Chennai, India

- Configured and supported CBT exam servers using Windows Server, SQL, and required exam applications. Hosted and maintained local exam applications on IIS, including application pools and site bindings for smooth client access.
- Managed VPN connectivity and provided network, system, and application support during live CBT exam operations. Supported SIOS-based client systems, Firefox exam browser, and managed dynamic IP allocation for client, pendrive-boot, and biometric devices.
- Took exam backups and maintained logs after each CBT session to ensure data integrity and proper record-keeping.

Parekh Group - Seabridge Marine Agencies Private Limited

Mar '25 — Present

Junior IT Executive

Chennai , India

- Provided day-to-day IT support to users, handling common hardware, software, and network issues. Resolved email and productivity issues related to Outlook, Gmail, and Microsoft Office applications.
- Supported VPN connectivity, system performance issues, and common LAN/WAN network problems.
- Handled office printers and PBX/PRI phone systems, and coordinated with vendors for repairs and maintenance. Regularly checked firewall status and network connectivity to ensure smooth day-to-day operations.
- Assisted with Sophos endpoint protection, Wi-Fi issues, network switches, and IT asset maintenance.
- Used Acronis Cyber Protect Cloud to monitor and protect company data through Data Loss Prevention policies.
